LADYSMITH ATTACKED

By the Boers in a Vigorous Fashion According to Report.

INTENTIONS OF BURGHERS.

They Hope to Annihilate the Twelve Thousand British Before the Arrival of General Buller in Africa.

London, Oct. 30.—The war office here has received a dispatch which says General White has fought an engagement presumably with General Joubert's force which was pushed back after several hours' fighting. The British lost about 100 men and the Boers' losses were much greater. The Boers were in larger numbers and had better artillery.

Ladysmith, Oct. 30.—Firing commenced at 5:20 a. m., the Boers shelling Ladysmith with 40-pounders. After several shots the British guns succeeded in silencing the Boer fire. A force of Boers is now advancing on the British left flank.

THE BOERS

Are Making a Supreme Effort to Destroy British at Ladysmith.

London, Oct. 30.—The dispatch from Ladysmith, which was sent at express rates, came through in the remarkable time of two hours. It shows the crisis which the present stage of war operations has reached and the expected attack on Ladysmith by the joint Boer forces has opened.

A dispatch from Durban supplements the other dispatch with the information that the Boers' shells were chiefly directed at the station and that no damage was done up to the time the message from Durban was forwarded.

That the heavy guns of the Boers from which so much was expected should be silenced so speedily is a matter of great surprise; but the subsequent advance of the burgher force on the British left flank shows the attackers were in no way dismayed thereby and were still full of the same confidence and daring they have already exhibited on various occasions.

Apparently, the Boers have concentrated for a supreme effort at Ladysmith. They have withdrawn their forces from other points which they consider momentarily to be of less importance. The ease with which they reorganized the German corps which was almost annihilated at Elands-laagte, and General Lucas Maier's column, shattered at Talana Hill, show how great are their recuperative powers and their fertility of resource. The perseverance the Boers have shown in transporting heavy ordnance and posting it in commanding positions has forced admiration even from their enemies. Unless the present attack is merely a feint to occupy the British while the invaders are cutting off communication southward, the battle which has opened may decide the issue of the war so far as fighting in the open is concerned, as unless the 20,000 Boers about Ladysmith are able to destroy the 12,000 British there now they can hardly hope to cope with General Buller's army corps; so it may be expected the Boers will return to the attack on Ladysmith after they are beaten off, so long as they have a gun in position and men with which to face the British, for they must be fully cognizant that the news of their success will bring thousands of sympathizers and adventurers to their standard.

The active operations of the last few days have shown cavalry under modern conditions, armed with long range weapons, in an entirely new light proving them able to work as infantry, both alone and in conjunction with the foot soldiers. Those cavalrymen have shown themselves able to hold infantry positions against mounted infantry which, under previous conditions, they would have been forced to relinquish while the actual assault on Elands-laagte was led by dismounted cavalry.

Another eminent civilian, Dr. Frederick Treves, surgeon in ordinary to the Duke of York and surgeon of the London hospital, has been appointed consulting surgeon with the troops in South Africa. He starts immediately.

A war office dispatch from Cape Town, dated Oct. 26, says: "An armored train under Llewellyn got within 1900 yards of the Boer laager, three miles south of Crocodileport. The Boers had driven in their horses on the approach of the train. Three Maxim belts were discharged in the Boers who must have had considerable loss. They returned 10 shots with no effect. Colonel Plumer's outpost had

several skirmishes on the Crocodile river." From later advices it was learned that the Llewellyn train returned to Mochudi, 100 miles north of Mafeking. Llewellyn reports all quiet.

White's Force Strengthened.

London, Oct. 30.—General White's force is now known to have been strengthened by regulars and local levies from Pitermaritzburg until it includes fully 15,000 men with additional battalions moving up from the coast.

Report of Surrender.

Berlin, Oct. 30.—A report reached here from Holland says that the whole British army at Ladysmith has surrendered and that the troops are now prisoners of war.

ANOTHER TRIAL

For Heresy May Result From the McGiffert Case.

New York, Oct. 30.—Failure has met the efforts of the committee appointed by the New York presbytery to induce Prof. Arthur C. McGiffert of Union seminary to quietly resign for the Presbyterian ministry. At the final meeting of the committee it was decided to report to the Presbytery at its next meeting on Nov. 13. The opinion in Presbyterian circles is general that with the decision of Professor McGiffert not to withdraw the trial of another Union seminary professor for heresy will be difficult to avoid.

The committee will report to the Presbytery that Professor McGiffert's views are not in accordance with cardinal doctrines of the church and will recommend that the Presbytery refer the case to the general assembly of next May for more definite instructions.

Swept by a Hurricane.

Santiago de Cuba, Oct. 30.—After five days of continuous rainstorms a terrific hurricane from the southeast swept over Santiago, causing much destruction. Twelve houses were wrecked and others badly damaged. The unprecedented rainfall continues. Telegraph wires are down, and it is impossible for vessels to enter or leave the harbor.

Stewart Surrenders.

Cleveland, Oct. 30.—D. A. Stewart, formerly one of the members of the Ohio Heating company, who, with several others, were indicted by the grand jury 10 days ago upon the charge of being implicated in the city hall steals, gave himself up to the authorities. He was released on \$25,000 bail. Officers have been looking for Stewart for several days.

Tragedy at Ironton.

Ironton, O., Oct. 30.—A fight occurred here between W. C. Moore of Kentucky and the bartender at Furlong's saloon. While the police were chasing Moore he opened fire and fatally wounded Mrs. Lot Henthorn, daughter of Professor J. B. Norris of Columbus, O., who was seated at her window. Moore was arrested.

The Corporation Wins.

Milwaukee, Oct. 30.—The first of a series of ejectment suits for Illinois Steel company against the squatters on Jones island was decided in the superior court in favor of the corporation. The decision will probably answer for 600 similar cases in which property valued at nearly a million dollars is involved.

To Receive Emperor William.

Windsor, England, Oct. 30.—Preparations are being made at Windsor for the visit of Emperor William of Germany, who is due to arrive here Nov. 20. His majesty will occupy the same state apartments as he did in 1891. He will bring a considerable suite with him.

Tyler Burned to Death.

Kansas City, Oct. 30.—Mrs. Frank E. Tyler received a telegram from Alpine county stating that her husband had been burned to death in his cabin near his property there. Tyler was a well known mining operator and was prominent in Kansas City.

Still Experimenting.

New York, Oct. 30.—The battleship Massachusetts and the cruiser New York went outside Sandy Hook to make experiments in telegraphing by the Marconi system. The tests will be continued and at times the ships will be 40 miles apart.

Still Raging.

Washington, Oct. 30.—Reports received by Surgeon General Wyman of the Marine hospital service are that eight cases of yellow fever appeared at Miami, Fla. The weather continues bad. At Key West there were two cases and one death.

Mill Burned.

Milbury, Mass., Oct. 30.—The Aldrich Satinet mill here was burned causing a loss of \$50,000 and throwing 130 persons out of employment.

MARKED CHANGE FOR WORSE

New York, Oct. 30.—The family of Vice President Hobart who is ill at his home in Paterson, announced that the condition of the vice president had undergone a marked change for the

GARRET A. HOBART.

worse in the past few hours. At the time the information was given out Mr. Hobart, though still conscious, was believed to be sinking. Dr. William Newton, the family physician, Mrs. Hobart and the nurses are constantly at the president's bedside.

News From Paterson.

Paterson, N. J., Oct. 30.—There was considerable anxiety among the intimate friends and neighbors of Vice President Hobart over a report that Mr. Hobart, who has been in poor health for some time, had taken a change for the worse in the last 24 hours.

It was said that the vice president had passed a bad night and was quite weak. At the Hobart residence the usual reticence was observed by Mr. Hobart's secretary and two servants.

Brigadier General Congdon of the national guard of New Jersey and an intimate friend of the vice president, said that Mr. Hobart's condition was such as to cause grave fears in the family.

Suddenly Ended.

Sioux Falls, S. D., Oct. 30.—The trial of Joe Kirby, a prominent Sioux Falls attorney, on the charge of having received stolen postage stamps, came to a sudden end through the temporary insanity of a juror, C. C. Suber, a farmer. He was sent to the hospital at the expense of the government. The case went to the jury Saturday in a vote that stood 11 to 1 for conviction. Suber favored conviction.

Going to Sea.

Washington, Oct. 30.—The navy department is informed that the battleship Kentucky, built by the Newport News Shipbuilding company, will proceed to sea outside the Capes of Virginia for the purpose of testing her engines and general sea-going qualities. It is said that the official trial will take place in about three weeks.

Invited to Tennessee.

Washington, Oct. 30.—A delegation of citizens from Nashville, Tenn., visited the president and the heads of the various executive departments and invited them to visit Nashville on the occasion of the reception to be given the First Tennessee volunteer regiment, which regiment is now on its way home from the Philippines.

About to Return.

Liverpool, Oct. 30.—The White Star Line steamer Oceanic, which is to sail from this port Nov. 1 for New York via Queenstown, will have among her passengers Lord Pauncefoot, the British ambassador to the United States, and Lady Pauncefoot; Mr. and Mrs. Andrew Carnegie and A. J. Drexel.

One Private Dies.

Washington, Oct. 30.—The war department has received the following from General Otis at Manila: "Transport Glenogle, 29 officers, 716 men, Thirty-second volunteers, arrived in good condition. One casualty, Private Edward R. McCandless, company K, died at sea."

San Francisco, Oct. 30.—The navy hospital ship Solace, which has been undergoing extensive repairs at Mare Island, has been placed in commission and will sail for Manila in a few days. She will bring invalided and discharged men from the Philippines.

CAPTAIN LEARY

Expels the Friars From the Island of Guam.

Washington, Oct. 30.—The navy department has received a report from Captain Leary, the naval governor of the island of Guam, in the Ladronez, which has excited a good deal of interest among the officials to whom it has been exhibited.

The president himself has read the report, his interest being particularly attracted by the disclosure of the fact that the first American governor of the island has already been obliged to adopt heroic measures to insure a proper administration of affairs there.

Captain Leary soon learned that his authority as governor was being subverted and every one of the measures of reform which he proposed, was being defeated by the hostile influence of the friars. They resisted every decree, no matter of what character, from a spirit of intense conservatism, and a belief that any disturbance of the order of things which had governed the island for so many years would cause them to lose their hold upon the natives. After exhausting all other means to overcome this influence, Captain Leary reports that he was obliged to notify half a dozen of the friars that they might have free transportation away from Guam, and he should expect them to avail themselves of the offer. That left but one friar on the island. He was a man whose character and reputation was such as to convince Captain Leary of his fitness to remain.

Death of Mr. Townsend.

New York, Oct. 30.—Dwight Townsend, 73, died suddenly at his home here. Nearly 40 years ago he founded with Frederick C. Havemeyer the famous sugar refining firm of Havemeyer, Townsend and company, now Havemeyer and Elder. In 1865 he was elected as a Democrat from the First Congressional district of this city to the Thirty-ninth congress. He was made a member of the ways and means committee, although he was the youngest member of the house. He was elected again to the Forty-third congress from the same district. Mr. Townsend went again into business as president of the Greer-Turner Sugar refining company. This house, with 13 others, failed in 1876, owing to the preliminary formation of the sugar trust and as a result Mr. Townsend lost all his fortune.

Captain Mohun's Victory.

London, Oct. 30.—Mail advices from the Congo announce that Captain Mohun, formerly the United States consul at Zanzibar, who is commanding the Belgian Tanganyika-Congo Telegraph expedition, has reached the Congo Free State and was engaged at the end of July in a fierce battle at Zanguli, where the force consisted of 10 Europeans, with Captain Mohun commanding. Shortly after the attack commenced Baron Dhamis, the Belgian commander, dispatched three companies of soldiers to assist Mohun and the enemy, consisting of cannibals, were finally routed.

The Mollineux Case.

New York, Oct. 30.—Active preparations are going on in the office of the district attorney for the trial of Roland B. Mollineux who is charged with the murder of Mrs. Katherine J. Adams. The trial will begin on Nov. 13, and will probably be held in the criminal branch of the supreme court, instead of in the court of general sessions. The district attorney's office will apply for a special panel of 300 tallsmans from which to select a jury.

Returned to Work.

Hazleton, Pa., Oct. 30.—The Hungarians who struck at Van Wickles colliery at Milnesville last week because an alleged incompetent union workman was removed from his position in the mines to a place in the strippings, returned to work without having succeeded in getting the man returned to his former position. Nearly 500 hands were affected by the strike.

Will Head Off Searching.

Shanghai, Oct. 30.—The British officials here, hearing that the Chinese reformer Kang-Yu-Wei, is on board the steamer Empress of India, from Vancouver, have sent the torpedo boat destroyers Fame and Whiting to Woo-Sung, a maritime town at the mouth of the Woo-Sung river, 10 miles north of Shanghai, to prevent the Chinese from searching from the vessel.

Sailed For Panama.

San Diego, Cal., Oct. 30.—The cruiser Marblehead, in pursuance to orders from Washington, has sailed for Panama. She will stop at Corinto on the way down.

Della Will Recover.

New York, Oct. 30.—Della Fox, the actress, who has been dangerously ill for the past fortnight, continues to improve and it is now thought she will recover.

THE OPENING MEETING

Of the Philippine Commission Is Held at Washington.

GREAT ABUNDANCE OF DATA.

The Members Block Out the Work of Formulating a Report of Their Official Efforts in the Oriental Islands.

Washington, Oct. 30.—The Philippine commission held its first meeting at the quarters selected for them in the Arlington.

Professor Schurman, for whose arrival the other members have been waiting, has reached Washington and he paid an early call to the state department, after which he went to the commission's rooms where Admiral Dewey and Colonel Denby were waiting. Professor Worcester was the last to arrive and the commission sat down to business soon after 10:30. It was announced before the meeting that all the sessions would be secret and none of the deliberations would be made public until the commission had finished its labors. Colonel Denby said that no program had been arranged and that it was impossible to say even what general course would be followed until after the commissioners had discussed the matter.

The commission reorganized its clerical force and roughly blocked out the form of its report. There is a mass of material on hand and a good part of the report is already written. It was said after the meeting that it was too soon to say how long the work in hand would take, but the suggestion was made by one of the men that it would be a matter of some weeks. The commission will meet daily from 10 a. m. to 1 p. m., leaving the afternoons and evenings for individual work.

Sentenced to Life.

Chicago, Oct. 30.—Sigmund Brosch and Emile Swart were convicted of the murder of Martin S. Meier last June and sentenced to the Joliet penitentiary for life. Meier, who was 70 years old and wealthy, lived the life of a hermit. He befriended the two men while they were out of employment and they in turn tried to rob him. After securing all the money in the house, they tied Meier hand and foot and gagged him with a potato. Meier choked to death. The men were finally captured in Michigan. They denied intent to kill Meier.

Message From Otis.

Washington, Oct. 30.—The war department has received the following from General Otis at Manila: "Detachment of Bell's regiment, Thirty-sixth volunteers, reconnoitering towards Florida Blanca, west of Guagua, struck body of insurgents in newly constructed trenches. Attacked and drove enemy, who left in hands of detachment four insurgent officers and eight enlisted men killed. Three prisoners and nine rifles. Casualties, Captain French and Lieutenant Ferguson wounded, not seriously. One enlisted man killed, six wounded."

Writ Denied.

Washington, Oct. 30.—In the United States supreme court the petition for a writ of certiorari in the Fayerweather will case was denied. The object of the petition was to bring the case into the supreme court and it is believed that the effect of the decision rendered will be to finally settle the matter of the estate of the late Daniel Fayerweather. The case has been in the courts several times. It involves a large sum of money bequeathed by Mr. Fayerweather to a number of educational institutions.

Claims to Be Innocent.

Chicago, Oct. 30.—C. B. Orvis, the Pennsylvania oil operator, who was arrested here charged with the forgery of papers for \$30,000 in Washington, Pa., said he would go back to that city for trial. "There is a big mistake somewhere," said Orvis. "If there has been any forgery committed I am one of the victims. I am sure, however, I will be cleared when I reach Washington."

Final Week's Work.

Philadelphia, Oct. 30.—The International Commercial congress, which has been in session here since Oct. 12, entered upon the final week of its work. The congress will close on Wednesday. The session was devoted first to papers on European trade and later in the day there was an informal discussion of the subject of trademarks.

Fire at Green Springs.

Green Springs, O., Oct. 30.—The fire which broke out here was confined to the Pearson block, a two-story wooden block occupied by a bakery and feed store. The loss will not be large.

THERE are four salt mills at Pomeroy.
 One has been purchased by the salt trust
 and the other three rented and all four
 closed down, throwing 275 men out of
 employment. The trust has not only
 thrown these 275 men out of employ-
 ment, but since it got control of the
 mills it has advanced the price of salt
 from 80 cents to \$1.17 a barrel. And
 yet Hanna, the great Republican boss,
 says trusts are "beneficent" organiza-
 tions.

AN OLD REPUBLICAN

Says His Party is No Longer the Party of
 the People—Comes Out For
 Goebel.

BOWLING GREEN, Ky., October 26.—Es-
 quire Valentine Moulder, a prominent
 member of the G. A. R. and one of the
 leading Republicans and wealthiest men
 in the Goshen precinct, has come out in
 a card for the Democratic ticket. He
 and his three sons will work for Demo-
 cracy. In his card he says among other
 things:

"I believe that the Democratic party
 represents the interests of the people and
 stands for the sovereign rights; that the
 Republican party, with its present poli-
 cies and tendencies, is not in any respect
 any longer a party of the people; there-
 fore, I feel it my imperative duty to align
 myself with the Democratic party and
 cast my vote in future elections for its
 leaders and nominees, believing that in
 so doing I will assist in preventing the
 further encroachments of the colossal
 trusts and combines upon the rights and
 interests of the people. If I live until
 the November election I shall cast my
 vote for the entire Democratic ticket,
 from Goebel on down."

 ted turkeys. Gobblers preferred.

Mr. Kehoe's Fine Speech.

[Ewing Inquirer.]

Hon. J. N. Kehoe made one of the
 best speeches of the campaign at Flem-
 ingsburg Monday, and it certainly was
 well received. The court room was well
 filled and the intelligence of the audience
 was observed and commented on. The
 speaker was at no loss for words, and the
 great speaker that he is carried the peo-
 ple into great enthusiasm. He defined
 the position of the Democratic party in
 this campaign, showed the advantages
 in the passage of the McChord Railroad
 bill, the Chinn School Book bill, and
 proved the great need for the perpetua-
 tion of the Goebel Election law. There
 are hopes that he will speak at Elizaville
 before the close of the campaign, and if
 he finds it possible to make the engage-
 ment he will be greeted with a great
 crowd.

BORN, to Mr. and Mrs. L. M. Mc-
 Carthey, a son.

A Night of Terror.

"Awful anxiety was felt for the widow
 of the brave General Burnham, of
 Machies, Me., when the doctors said she
 could not live till morning," writes Mrs.
 S. H. Lincoln, who attended her that
 fearful night. "All thought she must
 soon die from Pneumonia, but she begged
 for Dr. King's New Discovery, saying it
 had more than once saved her life, and
 had cured her of Consumption. After
 three small doses she slept easily all
 night, and its further use completely
 cured her." This marvelous medicine is
 guaranteed to cure all Throat, Chest
 and Lung Diseases. Only 50c. and \$1. Trial
 bottles free at J. Jas. Wood & Son's drug
 store.

"BEATS ANYTHING

I Ever Heard Of," Said a Repub-
 lican About the Advance
 on Salt.

Prices of Other Necessities Increased From
 50 to 150 Per Cent. by the Trusts
 —Let Voters Read.

"It beats anything I ever heard of,"
 was the remark of a Maysville merchant
 Monday morning in speaking of the re-
 cent advance in the price of salt.

The trust has lately got control of the
 output of salt up at Pomeroy and in the
 the West Virginia fields and the price
 has been increased from 80 cents to
 \$1.17 a barrel at wholesale.

Mark Hanna, the great Republican
 boss, says trusts are "beneficent organiza-
 tions," but the voter must be blinded by
 party prejudice who cannot see differ-
 ently. Mark Hanna and everybody else
 knows or ought to know that the trusts
 are organized to enrich themselves by
 forcing the people of the country to
 pay more for the necessities of life.

At Columbus, O., Saturday night strong
 resolutions denouncing Hannaism and
 trusts were passed at a mass meeting of
 the city traveling salesmen. Every
 wholesale and jobbing house in Colum-
 bus which sells to the city trade was re-
 presented by one or more men. Of the
 140 city salesmen a large majority were
 present.

In selling goods to the retail stores of
 the city the local salesmen have had
 bitter occasion to rue the existence of
 trusts. Prices of the staple commodities
 used in every household of necessity
 have been steadily rising for the past
 year. The work of the salesmen has
 therefore been made harder, while in no
 instance have their salaries been in-
 creased proportionate to the extra work
 involved and the increased expense of
 maintaining their families. At Satur-
 day night's meeting of salesmen the fol-
 lowing resolutions were unanimously
 adopted:

WHEREAS, During the last eighteen months
 trusts have been formed without number, until
 to-day we find every article of household use
 controlled by trusts or combinations, and

WHEREAS, By comparing prices of 1899 as
 against those of 1898, we find an advance of from
 50 to 150 per cent. in every household necessity,
 of which the following are a few articles:

AND, WHEREAS, The Hon. Marcus Alonzo
 Hanna, the political godfather of the Republican
 party, takes great pleasure in declaring trusts a
 good thing, therefore,

Resolved, That we denounce the Republican
 party as the mother of trusts, and pledge our
 best efforts to defeat Hannaism at the polls on
 November 7, 1899.

REV. J. O. A. VAUGHT will go this week
 to Highland, near Newport, to assist in
 a protracted meeting. Services will be
 held in the church where he preached
 his first sermon a quarter of a century
 since.

A MISTAKE was made in Monday's issue

 17's time, and it passes here at 8:50 as
 under the old schedule.

BRYAN TO DEMOCRATS.

Extracts From the Great Leader's Speeches
 on His Recent Tour Through
 Kentucky.

I beg you not to stop in the face of an
 enemy to settle your quarrels among
 yourselves.

Every Democrat no matter what his
 preferences were before the convention,
 should vote for the Goebel ticket.

The present administration of the Re-
 publican party was created by the corpo-
 rate influences of this country and corpo-
 rate contributions.

With the trust question it is like it is
 with the flea question. One flea is just
 like all other fleas, but the more fleas
 there are the more important the flea
 question becomes.

According to my idea of politics, the
 principle is so much more important
 than the individual who may for the
 time being stand for the principle, that I
 have taken little interest in conflicts as
 between candidates.

I would rather have a Democratic Gov-
 ernor down in Frankfort in 1900 than to
 have a Republican Governor who is the
 agent of the Republican party of the na-
 tion to get the vote from this State by
 any means in the power of Republicans.

I am anxious that in your State this
 fall you shall elect a Democratic Gov-
 ernor and fill your State-House with Dem-
 ocratic officials and then have a Dem-
 ocratic Legislature and send Joe Black-
 burn to the Senate to represent you for
 six years.

Some have critized the members of the
 National Committee for taking part in
 this contest. Certainly the L. and N.
 railroad is not a more reliable champion of
 Democratic principles than the members
 of the National Committee.

Golf Suitings!

Every one is talking pedestrian skirts and we need hardly say the reversible—
 plain and plaid—fabric leads in their construction. Why? Three reasons.

First—They give warmth with lightness—they have so much body they need
 no lining.
 Second—They defy rain, snows and every phase of nasty weather.
 Third—Nothing excuses a poorly-hanging short skirt and golf suitings afford the
 safest opportunities for a good "set," because their width makes fewer seams, there-
 fore less danger of sagging. They are cheap too at \$1.75 a yard, as only two and
 one-half yards are necessary and you have a shirt whose wear will be counted by
 years.

BLANKETS.

When there is blanket buying to be done, it's often accompanied by some anx-
 iety regarding quality. There need be no such doubt when making your selections
 here. We tell you just exactly what the blankets are—whether pure wool or part
 cotton, the exact sizes and the true weight. We tell you too of low prices, that are
 decidedly low for strictly meritorious goods.

Two dollars and fifty cents pair—Heavy, serviceable cotton and wool, 72x82
 inches, five and one-half pounds. Four dollar pair—Light cotton warp, wool fill-
 ing, 72x84 inches, five and one-half pounds. Five dollar pair—Soft, fleecy pure
 wool, 74x84 inches, six pounds. Six dollar and fifty cents pair—Very fine pure
 wool, 78x84 inches, six pounds. Ten dollars pair—Superior quality, soft wool,

MADISON VERSUS MADISON.

The Local Manager of the Sun Life Insurance Company Sues for Divorce. Sensational Charges.

Mr. W. R. Madison, who has been in charge of the Sun Life Insurance Company's business at this point for some time, filed suit in the Circuit Court last Saturday against his wife Mrs. Margaret Madison for divorce, on the ground of adultery. H. W. Pilcher, the organ manufacturer of Louisville, is the only co-respondent named, but according to the petition there are others, whose names are not mentioned.

Mr. and Mrs. Madison were married in Fredericksburg, Va., September, 1890. For the past six years they have lived in Maysville.

A week or two ago, while Mr. Madison was at Flemingsburg, his wife packed her trunk and left on a westbound train, leaving a note stating that she would not return and requesting her husband not to try to find her. She went from here to Louisville where she has been stopping at the Waverly Hotel.

ONE INSTANCE

Showing How the Trusts Freeze Out the Small Manufacturer.

[New York Cor. Chicago Inter Ocean.]

John Thuner, a match manufacturer, with offices at No. 40 Hudson street, received recently a letter from the large wholesale grocery firm of Van Glahn Bros., in Brooklyn, which said:

"With regret we must inform you that the Diamond Match Company has informed us that if any matches but its own were handled by us it would cut us off on its goods. You can readily see that in view of the position in which we are placed it will be impossible to do any business with you at present. Therefore your order for E. T. Brady, No. 491 Hill street, Brooklyn, has not been filled."

Mr. Thuner left for Detroit yesterday, and his son, who was in charge of the store said he had instructions not to discuss the subject of the letter. The letter has been neatly framed by Mr. Thuner, and hangs in a conspicuous place in his private office.

Mr. Clegggett, manager of the Diamond Match Company, said:

"I think it probable that such a letter as the one referred to was sent by us to Von Glahn Bros. We do business through agencies, and we exact of our agents that they shall not handle the goods of other manufacturers. We pay the agents 10 per cent. on their sales, and give them thirty days' time. It is our object to protect ourselves and our agents from price cutting."

The Cincinnati Leaf Tobacco Warehouse Company has the following in its circular for the week:

"In the face of light receipts and only moderate sales of tobacco, prices continued easy during the present week. There was, if anything, an upward tendency on the last two days, but hardly a quotable advance, and shippers were not as well satisfied as heretofore, though they accepted the bids quite freely. Goods up to 80c. or 90c. can scarcely be considered as lower in price, the demand for them is perhaps not as quick, but they are selling about as high as last week. The best grades, however, are off, and mediums also do not command fully as high figures as they did two weeks ago.

"There were a few hogsheads of the new crop in the market, the highest price being \$11.25 for a fair hogshead of leaf. Of course, there cannot be any considerable quantity of these goods in the market for a month or two, and present prices cannot and should not be taken as a basis for the future. The first shipments, however, never fail to create much interest and excitement.

"Stocks in the warehouses are slowly reducing, and by comparison with former years will appear very light on the first of the new year. We think that not too much importance should be given to such comparison, because the circumstances under which there were large accumulations of stocks in the open market some years ago are not now prevalent. Larger stocks are now carried

by the manufacturers and smaller stocks are held by dealers and speculators. There was a full attendance of buyers throughout the week, but not as much competitive bidding between manufacturers and speculators."

The Watchword of Women.

Modesty is women's watchword. Whatever treatment her delicate sense of modesty, frightens her. For this reason many a woman permits diseases of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which some physicians find necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter, have been led to do so by the escape thus offered from a treatment repugnant to modesty. Any sick woman may write to Dr. Pierce, Buffalo, N. Y., in perfect confidence; all letters being treated as strictly private and sacredly confidential, and all answers being sent in plain envelope without advertising or other printing upon them. Dr. Pierce's Favorite Prescription has been long hailed as "a God-send to women." It makes weak women strong and sick women well. "Favorite Prescription" contains no alcohol, neither opium, cocaine or other narcotic.
